VISITOR: School Superintendent Kathy Bodie, School Financial Officer Diane Johnson, School Committee Members Joe Curro, Cindy Starks, Kirsii Allison-Ampe, Jud Pierce, Observers Anne Thompson, Barbara Goodman, Richard Corredera

MINUTES of 4/7/10 were accepted as corrected. Unanimous.

EDUCATION BUDGET: Bodie, using the material provided the previous week, and supported by Johnson, briefly reviewed revenues & expenses and answered many questions.

REVENUES: Despite the stimulus funds received, revenues were down by \$1.5m to \$2m from the FY10 budget. The anticipated SPED savings from bringing more SPED students into the district, was offset by a large increase in demand. A food service profit was less than budgeted. This has been made good by a hiring freeze, by minimizing expenditures, and by use of part of the FY11 Federal funds received this year. The FY11 revenue projections are conservative (low).

EXPENSES: The "level service" budget was crafted using the "lessons learned" in FY10. Several reserve funds are included to buffer against surprise SPED demands.

There will be no COLAs. The number of teachers will be reduced from 369 to 328. Some salary increases to cover additional duties will be replaced w/ stipends to reduce paperwork. Bodie answered questions about the detailed list of expense reductions provided in the printed material. The material provided a FY10 SPED budget and a separate FY11 SPED budget because, as Bodie explained, the FY11 program differs in detail from the FY10 program.

USE OF ADDITIONAL FUNDS: Should the Town decide to appropriate additional reserve funds, Bodie would place them in the SPED revolving fund. She suggested \$550k.

MM TECH: Bodie said the program at Minuteman is excellent but too expensive. She said there are less expensive alternatives. She does not know what would be required to establish such a program in Arlington. Space would be a problem. Members suggested that there may be synergy between academic courses like physics and chemistry and voc-tech courses to train electricians and pharmacology workers.

FUTURE BUILDING NEEDS: Bodie has studied this issue. She provided a 5 yr student population projection.

OTHER: Members suggested the SPED funding problem requires state action. Parents need to lobby the legislature. Members asked if there were any investments the Town might make to ease the SPED problem in future years. Bodie answered that an in-town 45 day facility would save significant money, especially if other communities could send their children & pay tuition.

Bodie & Johnson were thanked by the FinCom.

CAPITAL PLAN: Foskett said changes are needed to account for \$375k cost growth in the Community Safety Building renovation.

COMMITTEE

Jones passed out draft budget pages from the report for review.
